

USSN: 09/998,906  
Group Art Unit: 1761  
Docket No.: 166P001US01

Amendments to the Claims

1. (canceled)
2. (currently amended) The process of claim + 5, wherein the feedblock has a weight of between about 100 and about 250 pounds.
3. (currently amended) The process of claim + 5, further comprising a step of adding a hardener before compressing the mixture.
4. (currently amended) The process of claim + 5, wherein the mixture comprises a grain-based solid and a grain-based soluble.
5. (currently amended) ~~The process of claim + 5~~ A process for making a livestock feed supplement, the process comprising compressing a mixture of materials that comprises wet cake into a feedblock that is consumable by a livestock animal, wherein the mixture further comprises from about 5% to 10% by weight of syrup having from about 25% to about 35% solids.
6. (currently amended) The process of claim + 5, further comprising adding ~~a syrup and~~ DDG to the mixture.
7. (currently amended) The process of claim + 5, further comprising making the mixture with a water concentration from about 25% to about 40% by weight.
8. (currently amended) The process of claim + 5, comprising curing a feedblock for at least one day after the compression step.
9. (currently amended) The process of claim + 5, comprising making the mixture with between about 30% to about 45% by weight of the wet cake, with the wet cake being from about 60% to about 75% water by weight.
10. (currently amended) A feedblock made by the process of claim + 5.
11. (original) A livestock animal feedblock comprising a mixture of materials formed into a solid block weighing from about 100 to about 250 pounds, that comprises a crude protein content of at least about 10%, and comprises from about 5% to about 10% by weight of a syrup having from about 25% to about 35% solids.

12. (original) The animal feedblock of claim 11, wherein the mixture of materials further comprises from about 30% to about 45% by weight of wet cake having from about 60% to about 75% water by weight.

13. (original) The animal feedblock of claim 12, wherein the mixture of materials further comprises about 15% to about 20% by weight of mineral supplements and from about 15% to 35% by weight of DDG having about 10% to about 15% water by weight.

14. (canceled)

15. (currently amended) ~~The animal feedblock of claim 14~~ A livestock animal feedblock comprising a mixture of materials formed into a solid block weighing from about 100 to about 250 pounds, that comprises a crude protein content of at least about 10%, and comprises from about 30% to about 45% by weight of wet cake having from about 60% to about 75% water by weight, wherein the mixture of materials further comprises from about 5% to about 10% by weight of a syrup having about 25% to 35% solids.

16. (original) The animal feedblock of claim 15, wherein the mixture of materials further comprises about 15% to about 20% by weight of mineral supplements and from about 15% to 35% by weight of DDG having about 10% to about 15% water by weight.
